June, 2011

In approximately eight weeks the Ozaukee County Fair will observe its 152nd anniversary. The major event, as in the past, will be the two days of competition for the demolition derbies. Friday, August 5th the competition begins at 7:00 PM and Saturday, August 6th the competition begins at **6:00 PM** (please note—earlier start time for Saturday evening).

THE RULES AND REGULATIONS HAVE CHANGED. PLEASE READ THE ATTACHED SHEETS. RULES & REGULATIONS **2011** AND THE DRIVER/PIT CREW GUIDELINES.

The competition will be conducted as it has been in previous years. We will qualify drivers both days for the Grand Finale Championship that will be held as the final event Saturday. Thus, it will be to your advantage to compete the first night, and if you fail to qualify at that time, you will still be eligible to try again on Saturday. There will be a restriction of 125 entries per day. However, **no demolition cars or entries will be accepted into the gate after 5:45 PM Friday night and 4:30 PM Saturday night--police orders.** This will be enforced...with no exceptions!

Competition vehicles will be divided into separate heats. As we did in 2010 compact cars, midsize cars, standard sedans and station wagons, compact pickups and standard pickups, bone stock cars (as close as it comes to straight off the street—see rules) and ½ ton four-wheel drives, and mini-vans will have their own heats. Convertibles can also be utilized; **full frame imperials are not allowed-1977 & newer vehicles only.** The Amateur Heat (14-15 year olds) will also be repeated this year. You must have written permission from a legal guardian and submit a copy of their birth certificate. They will compete in one heat only—against kids in the same age group. As a reminder, you will not be permitted to reinforce the basic structure, frame, (no hitches), body or suspension. You may modify your car mechanically as you wish.

In an effort to expedite registration, we are again assigning numbers in advance to those contestants who competed in 2010. LARGE plain numbers must be on the **ROOF and door panels (REMEMBER TO PLACE THE CORRECT LETTER AFTER YOUR NUMBER TO DESIGNATE WHICH TYPE OF HEAT YOU ARE IN—for example: Standard Car 200S, Midsize Car 200M, Compact Car 200C, Compact Pickup 200CP, Pickup 200P, or 4WD heat 200 4x4 and mini-vans 200V).** Obviously, this is important since it will make you readily identifiable to the crowd in the grandstand and also to our announcer who can report your progress during the competition. Your number for the 2011 competition is _____.

For your convenience, I am enclosing a registration form. Please fill the form out entirely (include car/truck number and letter) and enclose your check payable to GRAND MOTOR CRASH, INC. and mail to the address indicated above NO LATER THAN 7-19-11. To receive a confirmation of your desired date of competition and heat number, please send a self-addressed, stamped envelope. The registration fee is \$30.00 if paid by 7/19/11, entries received after 7/19 will be charged \$40.00 to enter. Members of your pit crew will be charged \$10.00, which as you know provides them with insurance coverage while they are working in the pits.

It would be in your best interest to haul or tow your vehicles to the fairgrounds as per state traffic laws. You will be ticketed at the gate if you are not obeying the law. The police will not allow vehicles to be driven to the grounds. See the traffic route listed on the Guidelines sheet attached. We are looking forward to seeing you again in 2011 and renewing those pleasant associations which have been developed over the past 46 years. Let me take this opportunity to wish you the best of luck in this year's competition.
